

REFUEL YOUR FUN!

Looking for a way to enjoy your camp stove or light without creating more trash? Try using a refillable 1lb. propane gas cylinder.

Refueling your cylinder:

- ✓ **Saves Money** – it pays for itself with 4 refills
- ✓ **Reduces Waste** – it can be refilled for ten years
- ✓ **Cuts pollutants** – refilling at local stores avoids landfilling, shipping, and packaging

TOXIC ALERT: Never put propane cylinders in the trash or recycle bin. For safe disposal options visit: www.naparecycling.com.
